

## F 4192 M MODEL

### SELF STANDING FIRE HOSE REELS

Fetaş F 4192 M model fire reels are a product group designed for general purpose fire fighting and can be easily used by everyone. It is suitable for applications independent of walls in buildings.

It is among the indispensable accessories of today's architects, as well as the functionality of the fire reel, which creates a visual effect in the places where it is used and provides easy access in case of emergency.

#### GENERAL FEATURES

Fixed type fire reels with 20m semi-rigid hose.  
Demountable fire reels, suitable for indoor and outdoor use, in EN 671-1 standard, CE approved.

#### SELF STANDING HOSE REEL

- The reel system is manufactured in accordance with EN 671-1 standard
  - It is a central water-feeding semi-rigid hose reel, **fixed to the floor**.
  - Thanks to the **double bent edges** of the fixed column part and internal **reinforcement** elements, its rigid structure does not deteriorate and it has a long life.
  - Installation and fittings are hidden thanks to the removable cover in the front of the column.
  - Ground connection flange and flange cover are available.
  - It provides quick and easy assembly thanks to its self-channeled, galvanized mounting plate and plug plate.
  - All waterways are made of **brass** and corrosion-resistant **composite** materials.
  - **Iron phosphate** coating on DKP steel material and topcoat **polyester** powder paint coating.
  - **The service cover**, which contains **serigraphy printing**, **pictographic usage** and product information, provides ease of maintenance.
  - DN 25 – PN 16 **brass** globe valve.
  - DN 19 **galvanized pipe** between reel hub and fire valve
  - Reel hub in **brass** material with **4 o-ring seals and bearings**.
  - Semi-rigid fire hose in accordance with EN 694 standard.
  - **Hose guide** that helps pull the hose in the desired direction (**Optional**).
  - DN 25 jet-spray-off nozzle
  - **Galvanized** ring press, plastic **tubing covered** connection points.
  - Standard colors are RAL3002 red, RAL 9010 white, RAL 9005 black.
- It can also be produced in a different color in the desired RAL code or as Matt (Satin) / Glossy (Polished) stainless chrome.
- Reel system that has passed **100%** leak seal and quality tests.
